

21 January 2026

Thai VietJet to launch direct flights to Bangkok (Suvarnabhumi)!

Kansai Airports is pleased to announce that Thai VietJet (VZ) will commence direct flight operations on the Kansai- Bangkok route on 3 February 2026.

Thai VietJet is a Thailand-based carrier operating an extensive network across Asia. With the launch of this new direct Kansai- Bangkok service, in addition to its existing connecting flights, travel between the two regions will become even more seamless. This new option will further improve convenience and meet a wide range of needs, from business travel to tourism.

Kansai Airports Group will continue working to expand its aviation network, enhance customer convenience, and create comfortable and enjoyable travel experiences.

Commencement

Tuesday, 3 February 2026

Kansai Airports was established by a consortium made up of VINCI Airports and ORIX Corporation as its core members. Kansai Airports took over the operations of Kansai International Airport ("KIX") and Osaka Itami Airport ("ITAMI") from New Kansai International Airport Company ("NKIAC") and has been operating the two airports since 1 April 2016.

Kansai Airports Kobe, Kansai Airports' wholly-owned subsidiary, took over the operations of Kobe Airport ("KOBE") from Kobe City and started its business as an operating company on 1 April 2018.

Under the concept of "One Kansai Airports Group", Kansai Airports group strives to continuously improve its services for all airport guests through appropriate investments and efficient operations, with safety and security being the top priority. Kansai Airports group aims to maximize the potential of the three airports, for the benefit of the communities they serve.

VINCI Airports, as the leading private airport operator in the world, manages the development and operation of more than 70 airports located in 14 countries. VINCI Airports draws on its expertise as a comprehensive integrator to develop, finance, build and operate airports, leveraging its investment capability and know-how to optimise operational performance and modernise infrastructure while bringing about their environmental transition. In 2016, VINCI Airports became the first airport operator to commit to an international environmental strategy, setting itself the aim of reaching zero net emissions (scope 1 and 2) across the network by 2050 while supporting its stakeholders' transition.
