### **Pavilion exhibits and works from the Expo become lasting legacies!**

Kansai Airports is pleased to announce that selected pavilion exhibits and works from Expo 2025 Osaka, Kansai will be installed as lasting legacies at Kansai International Airport (KIX), Osaka Itami Airport (ITM), and Kobe Airport (UKB).

The Osaka-Kansai Expo, which concluded on October 13, 2025, attracted countless visitors with its 84 uniquely designed pavilions. A wide range of events—including National Days—and lively interactions with international pavilion staff created a vibrant atmosphere that drew widespread attention.

Thanks to the generous support of both domestic and international pavilions, we have received 13 exhibits and works. By showcasing these Expo legacies at airports across Osaka and the broader Kansai region, we aim to share culture and technology with the world, celebrate international friendship, and keep the memory of the Expo alive for all to enjoy.

Kansai Airports Group remains committed to delivering new and innovative airport experiences while continually enhancing the value of our airports.
