

8 January 2026

The 20th anniversary logo for KOBE selected!

Kansai Airports Kobe is delighted to announce the selection of the logo design created in collaboration with the Kobe Airport Promotion Council, to commemorate the 20th anniversary of Kobe Airport on 16 February 2026.

In the process of creating the anniversary logo, we held an online vote from 16 to 31 December 2025, and Design B was selected after receiving the highest number of votes.

This logo features a design in which ocean waves, representing Kobe Airport as a marine airport, are shaped into celebratory wreaths, symbolizing both the appeal of Kobe Airport and the celebration of its 20th anniversary. In addition, the ascending airplane expresses the excitement and anticipation of travel.

Kansai Airports Group will continue to improve convenience and create new attractions of the airports while providing a convenient and comfortable airport experience to customers and local residents.

Logo voting results

The number of votes cast: 4,757

- Notes:
- Twenty voters who voted for Design B will be selected by a draw to receive Kobe Airport 20th anniversary gifts
 - Winners will be notified directly. No separate announcement will be made.
 - The selected logo design will be used for anniversary promotion and commemorative items.
 - The selected design is subject to minor changes.

Kansai Airports was established by a consortium made up of VINCI Airports and ORIX Corporation as its core members. Kansai Airports took over the operations of Kansai International Airport ("KIX") and Osaka Itami Airport ("ITAMI") from New Kansai International Airport Company ("NKIAC") and has been operating the two airports since 1 April 2016.

Kansai Airports Kobe, Kansai Airports' wholly-owned subsidiary, took over the operations of Kobe Airport ("KOBE") from Kobe City and started its business as an operating company on 1 April 2018.

Under the concept of "One Kansai Airports Group", Kansai Airports group strives to continuously improve its services for all airport guests through appropriate investments and efficient operations, with safety and security being the top priority. Kansai Airports group aims to maximize the potential of the three airports, for the benefit of the communities they serve.
