## The launch of “EV ENECHANGE” at KOBE - To be a more comfortable airport for electric vehicle users -

Kansai Airports Kobe is pleased to announce that we will start providing an electric vehicle charging service “EV ENECHANGE” at Parking No.1 of Kobe Airport starting 26 December 2025.

With this service, users can check occupancy/vacancy of EV charging stations and optimize charging/fueling plans when they register their vehicle information to the dedicated app, which will display cost difference between charging and fueling. This service is expected to promote the use of electric vehicles and deliver higher convenience to EV users using our airport car park.

Kansai Airports Group will continue to contribute to a sustainable society by actively embracing initiatives to lower environmental burden.

### About ENECHANGE

This is an electric vehicle charging service provided by Miraiz ENECHANGE Ltd., headquartered in Chuo Ward, Tokyo (Representative Director and President Yoshitaka Tsugeno). ## Shaping a New Journey

Kansai Airports was established by a consortium made up of VINCI Airports and ORIX Corporation as its core members. Kansai Airports took over the operations of Kansai International Airport ("KIX") and Osaka Itami Airport ("ITAMI") from New Kansai International Airport Company ("NKIAC") and has been operating the two airports since 1 April 2016. Kansai Airports Kobe, Kansai Airports' wholly-owned subsidiary, took over the operations of Kobe Airport ("KOBE") from Kobe City and started its business as an operating company on 1 April 2018. Under the concept of "One Kansai Airports Group", Kansai Airports group strives to continuously improve its services for all airport guests through appropriate investments and efficient operations, with safety and security being the top priority. Kansai Airports group aims to maximize the potential of the three airports, for the benefit of the communities they serve.
