## KIX Exclusive DASSAI 23 to be launched!

- Available in limited quantities only at KIX -

Kansai Airports is excited to announce the launch of the KIX-exclusive DASSAI 23 at our KIX DUTY FREE, starting Tuesday, February 4, 2025. This Junmai Daiginjo sake will be available only at Kansai International Airport (KIX).

DASSAI 23, made from Yamada Nishiki rice, is one of DASSAI's flagship products. The name is derived from its rice polishing ratio of 23%, meaning that the rice is ultimately polished down to just 23% of its original size. This process eliminates many impurities, delivering delicate floral aromas with a palate reminiscent of honey.

This KIX-exclusive sake is brewed using only Yamada Nishiki rice produced in Hyogo and Shiga prefectures to showcase the excellence of Yamada Nishiki from the Kansai region. The decorative wooden box is made from Yoshino cedar, reflecting the meticulous attention to detail and the use of carefully curated materials unique to Kansai. This product is available in limited quantities only at KIX, so be sure to purchase it when departing on international flights.

Kansai Airports Group will continue to collaborate with local communities to bring the culture and charm of Japan and the Kansai region to as many customers as possible.

Kansai Airports was established by a consortium made up of VINCI Airports and ORIX Corporation as its core members. Kansai Airports took over the operations of Kansai International Airport ("KIX") and Osaka International Airport ("ITAMI") from New Kansai International Airport Company ("NKIAC") and has been operating the two airports since April 1, 2016.

Kansai Airports Kobe, Kansai Airports' wholly-owned subsidiary, took over the operations of Kobe Airport ("KOBE") from Kobe City and started its business as an operating company on April 1, 2018.

Under the concept of "One Kansai Airports Group", Kansai Airports group strives to continuously improve its services for all airport guests through appropriate investments and efficient operations, with safety and security being the top priority. Kansai Airports group aims to maximize the potential of the three airports, for the benefit of the communities they serve.
